

CRP 2025, 19-20.09.2025

# Wroclaw TECH

Conference of Rectors and Presidents  
of European Universities of Technology

Wroclaw University  
of Science  
and Technology

# Wroclaw TECH / Vision

- Vision As a European comprehensive technical university affirming freedom, truth, curiosity, and joy of science, we conduct interdisciplinary education and research in response to the aspirations and challenges of the society and economy.
- The target model of Wroclaw Tech assumes a close interaction of research conducted in four large fields:

**technical  
sciences**

**basic sciences**

**social  
sciences and  
humanities**

**health and life  
sciences**

unite!

University Network for Innovation,  
Technology and Engineering

# Wroclaw TECH / Numbers

**20 725**  
students including

**773**  
PhD students

**4**  
fields of science,  
including all from  
Engineering  
& Technology

**23 067**  
publications in JCR  
indexed journals

**116**  
buildings with modern  
laboratories, libraries,  
and lecture rooms

**44**  
scientists in the TOP 2%  
list of most influential  
researchers in the world

**14**  
scientific disciplines  
from

**6 191**  
registered inventions,  
including utility models

**2 306**  
permanent academic  
staff including  
**600**  
professors

**7**  
languages taught in  
the School of Foreign  
Languages

# Wroclaw TECH / Priority Research Areas

## Smart Cities and Future Society

This area includes, among others, holistic design and construction of human-friendly buildings, estates, and cities using modern technologies, application of innovative and safe materials, broadly understood communication and mobility – including intelligent and autonomous transport systems, universal design, prevention and counteraction of social, energy and digital exclusion, research on human-machine interactions, as well as analysis, prediction, and management of social and economic processes.

# CRP / Topic

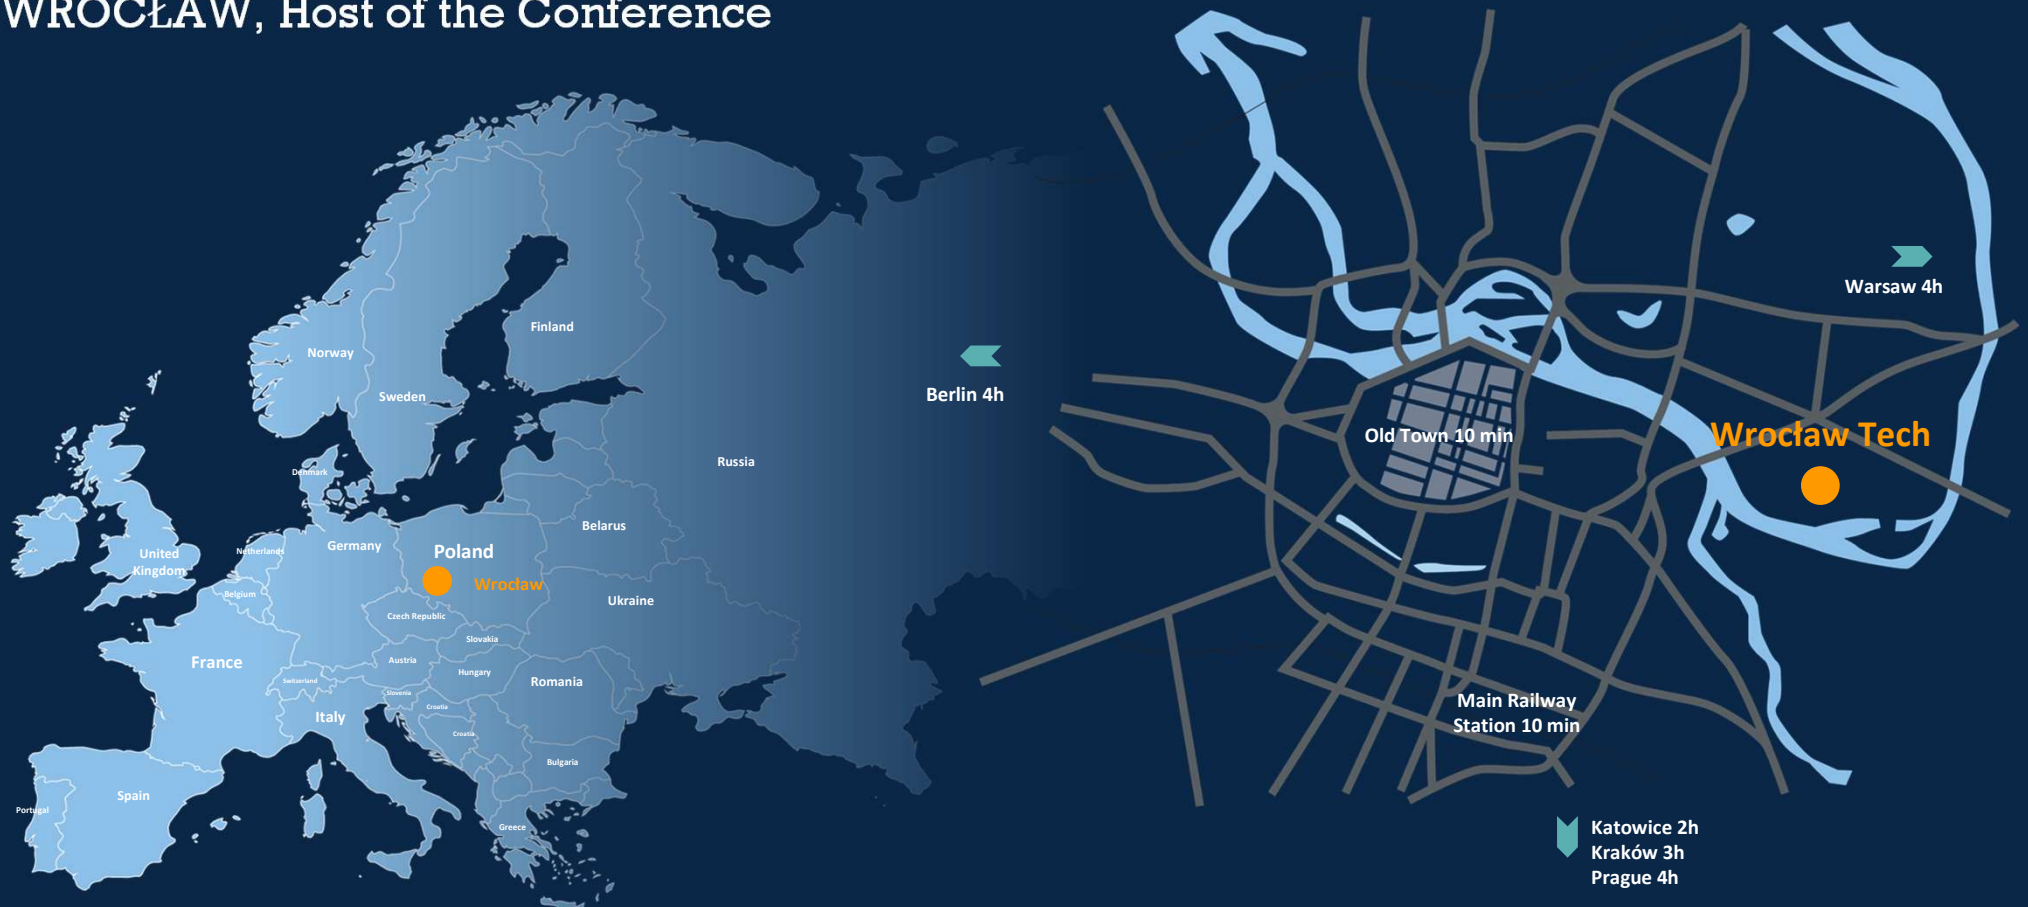

## Universities of Technology Driving Urban Innovation: Towards Smart and Climate Neutral Cities

- The role of universities in driving urban innovation to meet the challenges of climate change,
- Strategies for transforming cities into smart, climate-neutral environments,
- The contribution of universities to sustainable urban development and circular economy,
- Collaborative approaches to addressing local and European urban challenges,
- Universities' influence on improving the quality of life in urban areas through technological advancements.

# WROCLAW / Access and Transport

# CRP / Venue for dinner Concordia Design

Concordia Design is a venue located in the heart of Wrocław, on Slodova Island, surrounded by greenery and water.

The building combines the beauty of 19th architecture with modern outlook.

The venue provides the unique opportunity to enjoy the beautiful view, together with high quality service and gourmet food based on the local products.

# CRP / Social activities

## SOCIAL PROGRAMME

### **City tour**

The market square with the gothic City Hall (Ratusz ) and stunning university building is a traditional meeting point for all visitors.

## SOCIAL PROGRAMME

### **Museum**

Four Domes Pavilion (Museum of Modern Art) is a modernist building designed by the architect Hans Poelzig. It houses the outstanding collection of Polish contemporary art.

<https://www.intercity.pl/en/>

## SOCIAL PROGRAMME

### **Ksiaz Castle**

The largest castle in the region of Silesia and one of the biggest in Europe offers numerous attractions, among others terraced gardens and palace stables.
